I think it will be good
for the WIC to give fruits,
vegetables, bread etc. The
reason I think this is
because all of the above
is healthy for the baby
including milk. I believe
this will be better for
my child.

Thank you!

I believe is a good idea but
on items like TOFC if you can
give us some instructions on
how to cook that would be
great. By making changes on
her food & fat it will help
us all to change the way
we eat cutting down on
eggs will help lower cholesterol
but cutting on milk won't help
because she is already drinking
1% of low fat milk no ps her
with calcium without fat.

Dear Friends at US Department of Agriculture,

Thank you for adding fruits and vegetables to the WIC checks. My family loves to eat them, but it has been expensive to buy them. Now I will be able to make healthier meals for us.

Sincerely,
